BRIEF ABSTRACT OF LETTER.

Submits for the approval of Govt: a draft revised rules for the grant of licenses for collecting corundum.

NOTES AND ORDERS.

H. 1) The existing rules for the grant of licenses for collecting corundum are contained in Govt: orders Nos. 530-38 (X) / 11-7-88 & 29-6-1901, 124-31 & 20-7-1905 and 963-50 & 8-11-1910. and the Director has submitted a draft of revised rules on the subject with [illegible]

V Some additions and alterations in the revised rules proposed appear necessary and these are indicated in pencil in the draft. It seems also necessary to embody in the terms and conditions of the license the clauses (2) and (10) and the second part of cl. (11) of the form of agreement appended to the G.O. of 20-7-1905.

N 3 As regards the fees, deposits and royalties payable in connection with these licenses, it is a matter for consideration whether it is not desirable to insist on such payments being invariably made into a Govt. Treasury and the Treasury receipt furnished to the Deptt. of M & G for the Auditor, in the case of payments of royalties). This procedure will relieve the Deptt. of the responsibility and inconvenience of dealing with cash.

J 4 It would be convenient for purposes of reference if these rules are incorporated in the rules for the grant of exploring & prospecting licenses & mining leases. A revision of these latter rules has also been proposed and the opportunity may be taken to have

5 According to the Dewan's order referred to above the rules in question should have been revised in consultation with the Revenue Dept. This direction does not appear to have been attended to. ~~and the Director suggests that~~ The opinion of Br. I may be invited regarding the ~~draft rules~~ draft rules and of Br. I believe that the present procedure for the grant of corundum licenses is engaging the attention of Government. Whatever decision may be arrived at I do not think that any radical change ought to be made without due notice and time being given for present licensees to adapt their business to changed conditions and for this purpose I do not think that any change should be brought into force before July 1915 before which time the decision of Government may have been arrived at, and due notice of any changes published for information.
